MEMORANDUM FOR: Chief, Air Support Branch, DPD

SUBJECT : [REDACTED] 25X1A

1. Request Air Support Branch to take action as soon as possible to resolve the problem outlined in message from [REDACTED] (IN 38372). I definitely prefer the recommendation outlined in para. 1. A. However, I believe there may be a misunderstanding on their part: we are not intending to organize a unit, only train aircrews. This should be made clear in subsequent messages.
2. FE Division should recommend what nationality should be trained. The Air Support Branch will be responsible for selecting and implementing the American crew training.
3. Would appreciate an outline of your plan NLT 13 October.
